

Re-setting password for Match Day Paperwork App

Many umpires have had issues with the Sporting Pulse Match Day Paperwork (MDP) app. Please try fixing using these instructions which gets it working for 99% of cases!

1. Go to this web address: <https://passport.sportingpulse.com//login/>
2. Click on “Forgot Password” as per the screen shot below

3. Enter your email address (**the same one you use to login to Schedula**) – you then have 30 minutes to check your email address and follow the links to reset password.

4. Once your password is reset, try logging into the app with your email + new password. It works in most cases at this point. If you have games which are showing as LOCKED, contact Amanda on umpiring@smjfl.com.au to unlock them if you want to update details of a CMR.
