

# Instructions on how to register on footyweb for Returning SMJFL Umpires

1. It is envisaged that most returning SMJFL umpires (who started umpiring in 2013 or earlier) will select
2. You will then be asked to input your email address and details of your Username and password will be emailed to this address.  
NOTE: This address will either be your Schedula email address or your most commonly used email address.
3. If the email address entered is not in the footyweb database, you will receive this message
4. Once you receive an email with your username and password, return to the original registration page and select the first option – I have umpired in the Group before and know my username and password.

**I would like to request my username and password**

In this case, try another email address; and if you still don't have any luck, email [umpiring@smjfl.com.au](mailto:umpiring@smjfl.com.au) and your username/password details will be forwarded to you. Note, this should be your LAST resort.
